## MAINTENANCE INSTRUCTIONS

Rev. 4

**CAUTION: READ THIS DOCUMENT AND KEEP IT FOR FUTURE REFERENCE!  
THIS PRODUCT IS NOT SUITABLE FOR CHILDREN UNDER 3 YEARS OF AGE.  
SMALL PARTS COULD BE SWALLOWED.**

## *Maintenance instructions for your Jupiter®*

- Congratulations! You have just purchased a real Jupiter® football table.
- Assemble the table in the room where you intend to use it. Once the table has been assembled, it is more difficult to get it through a door. If you wish to move the table to another room, it is recommended to remove the legs temporarily.
- Only use the original JGC balls to play.
- All persons standing around the table should be informed and aware of the fact that they could hurt themselves or others as the linear movements of the bars cause these to stick out.
- Prevent the rubber feet and the legs from getting wet when cleaning. The feet could leave marks on some floors.
- For a long life of your table and non-stop playing fun, it is recommended to observe the following simple instructions:
  - The table was intended for indoor use and storage only. Do not place the table into direct sunlight, in rooms which have a high humidity or near a source of heat. Such circumstances might affect or damage irreparable the table materials.
  - Clean the table regularly. Wiping all surfaces with a damp cloth is sufficient. For a more thorough cleaning, you can use any domestic detergent which does not contain wax or abrasives.
  - Cleaning of the playfield can be done with a degreasing product like ‘glas-foam’. In an exceptional case ‘synthetic thinner’ can be used. Never use abrasives, they will damage the playfield!
  - The slide bearings regularly need some ‘Jupiter Super Oil’ to stay supple and fast. Pull the bar in your direction and apply some oil around the bar. **Don’t do this above the playfield!** Now move the bar somewhat to the inside and turn it a few times to the left and to the right to spread the oil in the bearing and all over the bar. Repeat this for each of the 16 slide bearings.

**DO NOT SPILL OIL ON PLAYFIELD!**

**FOR LUBRICATION ONLY!**

- On this appliance, nv JGC Café games offers a 12 month guarantee for manufacturing defects.
